Dear Candidate,

Thank you for your interest in furthering your education and certification through ACCSA. The Intermediate Addiction Professional Certificate is your next step in growing in your training, knowledge and competence in the addiction field. The IAPC Package covers some of the more advanced knowledge and principals every addiction professional should know to provide better service to our first priority: the client.

Course Modules:

- Addiction Pharmacology
- Treatment Modalities
- Treatment of Co-Occurring Disorders
- Process and Behavioral Addictions
- Crisis Intervention
- Detoxification in the Treatment Setting

Addiction Pharmacology is a breakdown of the different types of abused substances, as well as the common medications used in the treatment of addiction. Explores chemical makeup, effects, symptoms, tolerance and withdrawal. The Treatment Modalities module explores the different treatment modalities and approaches commonly used in treatment of addiction around the world. Co-occurring Disorders explores the common disorders associated with substance abuse, whether occurring in conjunction with addiction or induced by it. The Process and Behavioral Addictions module then covers addictions other than chemical addictions. e.g. sex, gambling, eating disorders etc. Crisis Intervention looks at emergency psychological care, aimed at assisting individuals in a crisis situation to restore them to a functional state and reduce risks or potential for psychological trauma. And lastly the Detoxification in the Treatment Setting Explores the procedure of detoxification in the treatment setting and the different types of withdrawal symptoms and durations of withdrawal that can be experienced, depending on the types of substances used, quantities and duration of abuse.

Warm Regards,

ACCSA Team
